KRALOY[®]

PVC ELECTRICAL CONDUIT CLAMPS AND SPACERS

LETTER OF COMPLIANCE

Scope:

This letter of compliance covers the requirements for **Kraloy PVC Electrical Conduit Clamps and Spacers** for use with ½" thru 2" (16 mm thru 53 mm) Schedule 40 and 80 PVC rigid conduit and rigid metal conduit. These products meet or exceed performance standards set by the CSA International (CSA), and Underwriters Laboratories Inc. (ULI).

Kraloy PVC Electrical Conduit Clamps and Spacers are designed specifically for use with rigid PVC conduit and rigid metal conduit. These conduit clamps provide the installer with multiple methods of installation such as;

Independent use, secured to a surface using;

- the centre hole (single screw mount) or
- using the two outside mounting holes (like a 2 hole strap) or
- using the optional strut mounting base (strut mount installation)

Linked together by using a built in side mount slide connection creating a uniformly spaced hanger system.

Material:

Rigid Poly (Vinyl Chloride)(PVC) used in the manufacturing of **Kraloy PVC Electrical Conduit Clamps and Spacers** is compounded to give superior physical properties in the finished product.

Molded Conduit Clamps and Spacers:

Molded **Kraloy PVC Electrical Conduit Clamps and Spacers** conform to the following standards:

CSA C22.2 #18.4 "Hardware for the Support of Conduit, Tubing, and Cable"

UL 2239 "Hardware for the Support of Conduit, Tubing, and Cable"

Marking: **Kraloy PVC Electrical Conduit Clamps and Spacers** are marked as prescribed in the above applicable standards to indicate size of fittings, material designation, compliance to standard, and manufacturer's name or trademark.

Color Coding: **Kraloy PVC Electrical Conduit Clamps and Spacers** are grey in color.

Yours truly,

André Battistin, Eng.

Vice President, Manufacturing & Sourcing
